

### Change Notification

<b>Date:</b>	June 07, 2016
<b>Material Description:</b>	Donor Calf Serum
<b>Catalog Number(s):</b>	35-022-CV
<b>Change Description:</b>	<b>Discontinuation of 35-022-CV – Donor Calf Serum</b>

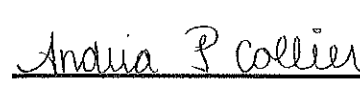

Due to low demand, Corning Donor Calf Serum, 35-022-CV, is being discontinued. All stock of this product has been exhausted, and this change will go into effect immediately.

Please note that we have no plans to discontinue any of our other serum products, and we will continue to supply the following sera products for your cell culture needs:

- Regular (non-U.S. sourced) and premium (U.S. sourced) fetal bovine serum, including heat inactivated options
- Donor horse serum
- Human AB serum
- Specialty sera, including dialyzed, gamma irradiated, ES cell tested, low IgG, charcoal stripped, and tetracycline negative FBS

If you have any questions or concerns regarding this change, or need a replacement for the discontinued product, please contact Corning Scientific Support ([Scientificsupport@corning.com](mailto:Scientificsupport@corning.com) or (800) CELLGRO (235-5476)).
