

## Change Notification

### CHANGE TO PRODUCT LABELING FOR MEDIATECH CATALOG ITEMS

**October, 2014**

Dear Valued Customer:

For all Mediatech catalog items with SKU prefixes listed below, hazard warning(s) on the labeling have been updated to reflect the Globally Harmonized System for Hazard Communication, including specifically the directive EC 1272/2008 on Classification, Labeling and Packaging of Substances and Mixtures, and the OSHA Globally Harmonized System for Hazard Communication. The primary labels include statements in English while an attached insert contains translations for international customers. Subtle product description changes (detailed below) have also occurred to accommodate the new label content and the expiration date format was changed from MM/YY to YYYY/MM.

SKU Prefix:	Description
25-900	Trypan Blue Solution, 0.4% (w/v) in PBS
30-002	Penicillin Streptomycin Solution, 100x

This is a product labeling change only; there are no changes to the product form, fit, or function.

Please note also that this is not a change to the product or to the process specifications. These Mediatech products meet the consistency and quality levels that have previously been validated in your labs. Mediatech and Corning are committed to providing our customers with the highest quality products.

If you have any questions regarding this change, please contact Mediatech Quality Technical Services ([MTTechserv@corning.com](mailto:MTTechserv@corning.com) or (800) CELLGRO (235-5476)).
