

**Change Notification**  
*Name Change for Mediatech Water Products*

**April 2015**

Dear Valued Customer:

To better align our product names to industry standards name changes for several of the Water products offered at Mediatech have changed.

The products below are impacted as follows:

<b>Catalog Number</b>	<b>Old Name</b>	<b>New Name</b>
25-055	Water, WFI Quality Tested to USP Specifications	Cell Culture Grade Water; Tested to USP Sterile Water for Injection Specifications
25-065	Water, WFI Quality Tested to USP and EP Specifications	Cell Culture Grade Water; Tested to USP and EP Sterile Water for Injection Specifications
46-000	Molecular Biology Grade, USP Sterile Purified Water	Molecular Biology Grade Water; Tested to USP Sterile Purified Water Specifications
46-002	Reagent Grade Water Mets USP Purified Water requirement	Reagent Grade Water; Tested to USP Purified Water Specifications

This is a name change only for 25-055, 46-000, and 46-002. All product characteristics and specifications will remain unchanged.

Testing on 25-065 will include mycoplasma and plating efficiency. Testing for 25-065 will be identical to 25-055 specifications to ensure consistency between all cell culture grade products. No other changes to characteristics and/or specifications will occur.

These changes went into effect on 27Apr2015. All inventory produced prior to this date will not be impacted. All products in inventory will be shipped with existing labels on a first in first out (FIFO) basis.
