

## CHANGE NOTIFICATION LETTER

### Offsite Product Storage

February, 2016

You are receiving this notification because a product custom manufactured for you is affected by this change.

Due to increasing customer demand Mediatech has increased its capabilities for storage of finished goods by utilizing an outside facility. Mediatech has audited this facility and has approved them as a supplier capable of storage and shipment of products at ambient and refrigerated temperatures.

The contract offsite facility has validated and continuously monitored controlled temperature storage locations with backup power generation and alarm systems in place. In addition, the contract offsite facility is ISO 9001:2008 certified. This vendor will store select finished goods for Mediatech at the required and labeled specifications of the finished goods. The vendor will not ship directly to customers. Upon request, product will be shipped back to Mediatech and Mediatech will continue to ship to the customer. The implementation date is set for April 04, 2016.

If you have any questions or concerns regarding this change, please contact Corning Scientific Support ([Scientificsupport@corning.com](mailto:Scientificsupport@corning.com) or (800) CELLGRO (235-5476)).

The logo consists of the word "CORNING" in a bold, sans-serif font, centered within a dark rectangular box with a fine grid pattern.
